

## General Information

DMD Product Code: **224**      Product ID: **53540**

Product Name: **DMD 224**

Description: **Square Sandwich Hinge Pack**

### External (Cut Size) Dimensions

Registration of formed part in overall cut size may vary +/- 1 mm

Length: **138 mm**

Width: **138 mm**

Diameter:

Depth: **58 mm**

### Internal Cavity Dimensions

No of Cavities: **1**

Length: **117 mm**

Width: **106 mm**

Diameter:

Depth: **57 mm**

## Raw Material Details

Type: **PET**

Colour: **Clear**

Quality: **Food Grade**

This product is indented for use in direct food contact and as a result all sheet used in the manufacture of this product complies with current U.K. and E.E.C. regulations regarding materials in direct contact with food.

Density: **1.340 g/cm<sup>2</sup>**

Thickness: **300 Micron**

Average tray weight: **15.311 grams**

The product is formed by drawing the sheet material into cavities with maximum definition. As a result the gauge will vary considerably at different points depending on the depth and configuration of the product.

## Packaging & Recycling Details

	Dimensions (LxWxD)	Material	Average Weight	Recyclable?	Reusable?
Carton:	<b>600 x 400 x 470 mm</b>	<b>Cardboard</b>	<b>912.00 grams</b>	<b>Yes</b>	<b>No</b>
Polybag Liner:	<b>1040 x 630 x 980 mm</b>	<b>LDPE</b>	<b>33.00 grams</b>	<b>No</b>	<b>No</b>
Tray / acetate:	<b>138 x 138 x 58 mm</b>	<b>PET</b>	<b>15.31 grams</b>	<b>Yes</b>	<b>No</b>

Trays/acetates per carton: **360**      Cartons Per Layer/Pallet: **5 / 20**      Gross carton weight: **6.46 Kg**

All values have been determined by our own measuring methods and to the best of our knowledge.

All products manufactured by DMD (2000) Ltd are produced in materials which conform to the following food regulations.

Packaging suitable for direct food contact and in line with the following European food legislation regulations; EU 10/2011, EC 1935/2004, EC 2023/2006 & 94/62/EC as amended by 2004/12/EC.
