

General Information

DMD Product Code: **1214501** Product ID: **54954**

Product Name: **12145-01**

Description: **6 Cavity Mince Pie Tray Cold DN**

External (Cut Size) Dimensions

Registration of formed part in overall cut size may vary +/- 1 mm

Length: **218 mm**

Width: **148 mm**

Diameter:

Depth: **35 mm**

Internal Cavity Dimensions

No of Cavities: **6**

Length:

Width:

Diameter: **68 mm**

Depth: **35 mm**

Raw Material Details

Type: **PET-Cold**

Colour: **Clear**

Quality: **Food Grade**

This product is indented for use in direct food contact and as a result all sheet used in the manufacture of this product complies with current U.K. and E.E.C. regulations regarding materials in direct contact with food.

Density: **1.350 g/cm²**

Thickness: **250 Micron**

Average tray weight: **10.889 grams**

The product is formed by drawing the sheet material into cavities with maximum definition. As a result the gauge will vary considerably at different points depending on the depth and configuration of the product.

Packaging & Recycling Details

	Dimensions (LxWxD)	Material	Average Weight	Recyclable?	Reusable?
